

Environmental Review Request Form

This form will assist in completing the environmental review of your project. Please fill out completely and return to the NEPA Program Manager, Patrick Geary, 907-428-7157, patrick.geary@alaska.gov.

1. Date of Request:
2. Project Name:
3. Project Number:
4. MILCON Project?
 - a. If yes, provide a copy of the DD1390/91 Form and 10% drawing.
5. Project Funding Source:
6. Project Location:
7. Project Landowner:
8. Project Start Date:
9. Project End Date:
10. Funding fiscal year, state or federal?
11. Proponent's Name:
12. Proponent's Phone Number:
13. Proponent's Email Address:
14. Has Cultural Resource Manager (CRM) been notified of the project:
**Proponent is required to notify CRM at project inception per NGR 415-5, 2-4(g) and 5-3(d). Consultation is not NEPA Program Manager responsibility.*
15. Is an existing building involved?
 - a. If YES, what year was the building constructed?
16. Will there be any ground disturbance?
If YES:
 - a. What is the anticipated surface area of disturbance, including driving or staging vehicles/equipment on any unpaved surfaces?
 - b. Is this surface area already disturbed?
 - c. Will there be any subsurface disturbance?
 - i. If so, how deep (in feet)?
17. Will any trees be cut down?
 - a. If YES, what is the anticipated area that will be cleared?
18. The Proposed Action will involve (check all that apply):

Training activities/areas	Construction	Natural resource management
Innovative readiness training	Demolition	Environmental plans/surveys
Maintenance/repair/rehab	Real estate action	
Other (explain):		
19. Will this project include additional fuel storage (e.g. standby generators, fuel tanks, drums)?
20. Will this project potentially generate any additional waste?

Provide a project summary that includes a brief description of the project (without jargon/acronyms) including the location, need, and justification. Attach a project map (required) and any additional supporting documents that provide project details, including a 420R Form.
